

Observation Study Code Sheet

Coder:

Author:

Year:

Who funded the study? (p.)

Participant Information

SES (p.)

Risk type: (p.)

Number of student participants

Total:

At-risk:

LD:

Other:

Grade page:

Age (p.)

Gender page:

_____ Males

_____ Females

Not reported

Research Design: p.

Observation study

Other (specify):

Observation Instrument p.

Observation instrument name:

Observation procedure (describe; e.g., four observations in resource room; observed in all settings; reviewed student records; teacher interviews):

Observer training p.

Not reported

Reported (describe):

Number of observers: p.

Initial reliability criterion:

Not reported

Reported (describe):

p.

Follow up reliability criterion: p.

Not reported

Reported (describe):

Observation Setting Data

Observation setting(s): p.

Resource room

Gen ed classroom

Intervention (describe):

All

Other (specify):

Observation Participant Data

Number of teacher participants: p.

Role of person implementing instruction:
p.

Gender of person implementing instruction: p.

Male _____

Female _____

Not reported

Person observed: p.

Teacher

Student

Both

Observation Duration Information p.

Total amount of time of reading observations:

Effective components of reading comprehension observed and time spent on each component: p. _____

Word study Time:

Comprehension Time:

Vocabulary Time:

Reading fluency Time:

Student read (ind.) Time:

Non-academic tasks p. _____ Time:

Observed instructional grouping: p.

Other observation notes:

Measures of Student Academic Achievement in Reading p.

Not reported

Reported (list measures):

Reported findings: p.

Other/Notes:
