

### Lesson 5 Practice skits

Instructions: Read through these skits with your partner. Each student will be student A for one of the scenes and student B for the other.

When you are student A, you will need to *write the answers* on the student sheet for that scene. When you are student B, you will help *discuss the answers* with your partner.

#### Scene 1

Student B. Hey, \_\_\_\_\_ you gotta go to that party tonight.

Student A. I want to, but my mom won't let me go. She doesn't want me hanging out with those kids.

Student B. Just tell your mom that we're working on the science project at Melissa's house. What she doesn't know won't hurt her.

Student A. I don't want to lie to my mom.

Student B. What are you, scared? Everyone is going to that party. You better be there!

#### Scene 2

Student B. Hey, \_\_\_\_\_ do you know that girl Marissa?

Student A. Yes, but we're not friends. I don't like that girl.

Student B. Yeah, well Nancy told me that she heard Marissa say she was going to fight you today after school.

Student A. Why does she want to fight me?

Student B. She said you were talking trash about her. You better be ready to fight today after school.

### Lesson 5 Practice skits

Instructions: Read through these skits with your partner. Each student will be student A for one of the scenes and student B for the other.

When you are student A, you will need to *write the answers* on the student sheet for that scene. When you are student B, you will help *discuss the answers* with your partner.

#### Scene 3

Student B. Hi \_\_\_\_\_, why do you look so depressed?

Student A. Man, I wish I had some money. I have no money to go shopping with my friends.

Student B. Well, I go shopping all the time. I know how to make some quick money. You interested?

Student A. Yeah, can you get me a job? I'm only 14.

Student B. All you have to do is sell this weed to kids at your school. By the end of the week, you'll have tons of money. You in?

#### Scene 4

Student B. Hey, me and our crew are gonna hit up that liquor store down the street. We're gonna go down there with our blades and our masks and get the money from the register.

Student A. You're gonna rob the liquor store? What if you get caught?

Student B. That little lady who works there will just give up the money. She'll be too scared to do anything. Why don't you come with us, we need a lookout person.

Student A. I don't think I should get involved with that.

Student B. What, are you scared? If you don't join us you're against us. You don't want to be against us, do you?
